## **Emily Santee Awarded Sons of Norway's Nancy Lorraine Jensen Scholarship**

**Minneapolis, June 26, 2008**—Emily Santee of Seattle, WA, was awarded a Sons of Norway's Nancy Lorraine Jensen Scholarship, given to Sons of Norway members and their families.

Santee is a sophomore at the University of Washington, where she studies chemical engineering. Emily plans on using her degree to develop ways to improve human interaction with the environment. Her primary focus is finding ways to reduce and remedy the environmental damage caused by industrial processes. The primary focus for most industrial processes is improving their efficiency and decreasing their cost of operation; Emily would like to ensure that environmental concerns are evaluated just as seriously, to reduce the environmental impact that these facilities have.

Emily participates in collegiate debate, and this year was ranked in the top fifty teams nationwide. She enjoys debate because it helps her stay informed of world events and develop her ideas on a variety of topics. In her free time, she enjoys canoeing on Lake Washington, shopping, and cooking with friends.

The Nancy Lorraine Jensen Memorial Scholarship Fund was established by Dr. and Mrs. Arthur S. Jensen in memory of their remarkable daughter. By age 35, when she died suddenly, Nancy had already distinguished herself as an outstanding chemical engineer whose work resulted in important advances within the field of weather

### *SONS OF NORWAY...*

- ★ Is the largest Norwegian-American organization in the world
- ★ Works to preserve and promote Norwegian heritage and culture
- ★ Provides financial protection through quality insurance products
- ★ Awards scholarships and grants to support individual lodges in their studies, projects, programs and humanitarian efforts
